## Steven L. Shamlian

Steve Shamlian is the founder of Government Contract Compliance Management, LLC, a firm dedicated to providing high-level Government contract accounting and pricing services to mid-market and emerging Government contractors. Steve has over 30 years of experience serving Government contractors of all sizes, in a wide variety of industries. Steve's experience has come from his work in Government (DCAA), industry and consulting.

Steve Shamlian's experience has shown him that small and mid-market government contractors need high quality compliance function services that are cost-effective for their operations. Government Contract Compliance Management, LLC was created to provide cost effective contract compliance internal controls and DCAA audit support to these organizations on a out-sourced or project basis.

Steve Shamlian's experience includes providing government contract compliance services for these and other industries:

- Aerospace and Defense Manufacturing and Services
- Engineering and Construction
- Nuclear Power and Environmental Remediation
- Vaccine Production
- IT Services
- Foreign Aid
- Contingency Operation Support

Government Contract Compliance Management, LLC provides the following types of services:
