

Support for Enterprise Resiliency

CPAs & ADVISORS

How is your organization coping with the COVID-19 global pandemic? GRF CPAs & Advisors (GRF) has assembled a robust team of advisory professionals to assist clients with their most challenging operational and financial issues. Members of our Risk & Advisory Services team collaborate and apply proven strategies to offer valuable insight and guide clients to make the best decisions possible.

We can help

GRF offers customized right-sized solutions based on the unique needs of your organization.

COVID-19 Return to Work Plans – Collective success in the execution of a few key responsibilities is perhaps the single biggest driver in sustaining the organization’s well-being in a post covid era. GRF can help develop comprehensive plans, procedures and playbooks designed to help with the transition from remote work back to the office.

Enterprise Risk Management (ERM) & Business Continuity Plans (BCP) – Our professionals evaluate the client’s risk posture and develop an overall enterprise risk program that considers the organization’s industry, strategic objectives and control environment.

Post-Event Lessons Learned – After Business Continuity triggering event (like a pandemic), the Risk & Advisory Services team at GRF can help guide your nonprofit through an evaluation of your response and assess what went well and what needs improvement.

Internal Audit – We assists clients with executing an affordable internal audit function focused on process improvements and strengthened internal controls that also improves the organization’s ability to respond effectively to internal and external risks to the organization.

Cybersecurity and Privacy Risk – Our CISA- and PCI SSC-certified auditors help clients protect their sensitive data and safeguard their critical information technology systems.

We can help (continued)

Fraud Prevention and Detection – Our certified fraud examiners specialize in helping our clients prevent and detect fraud. We utilize best-in-class artificial intelligence tools to aid in our fraud detection techniques.

Contractor Compliance – Whether your organization is a nonprofit with federal grants or a government contractor, we are here to help you maintain compliance in an environment of increasingly complicated rules and regulations.

Nonprofit Strategy Consulting & Board Governance Assessments – Our nonprofit experts offer tax-exempt organizations consulting services aimed at providing solutions and best practices that help clients maintain financial stability and improve operational efficiency.
